"Light In A Darkened World"

I've seen so much corruption
and it's hard to ignore
living on greed and possessions
is this what we're dying for

{chorus}
now choose this day
who you will serve
to be the light in a darkened world

many are willing
though others live for themselves
turning away from morality
nothing can save you now

{chous}
we've sang the song
and the water begining to rise
become the light in this darkened world

this is destiny
the choice is now defined
no more deception
now change will come

it's in your hands
it's in your hands

{chous}

it's in your hands
it's in your hands
become the light in this darkened world
