It's even louder in the silence
And it's always the same
The darkness always finds me
When I hear your name.

It should've been me
And I want you to know
That I'll hold you in my heart
And I won't let go.

Just take away this sorrow
It's too much to bear.

Drifting
From your memory
I'm lost
Lost without your love.

Now the time goes by
(But the torment remains)
If only I could wake and see your face again
There would be no more regrets
For all the things I never said

Drifting
From your memory
I'm lost
Without your love

It's getting harder to face
Another day without you
I'm lost
Lost without your love

I wish I was as strong
As you were in the end
But the darkness claims me
And I fall once again

Drifting
From your memory
I'm lost

Without your love

It's getting harder to face (harder to face)

Another day without you

I'm lost

Without your love

It's getting harder to face (harder to face)

Another day without you

Lost.
