Alone  
Once more alone  
As the memories weave and fade away  
Separation mocks me  
Frustration consumes me  
Inspiration has grown cold  
Even as the longing renews

Desperate I return to you  
Broken I return to you  
We circle over and over  
But still I return to you

What will it take to escape you  
What will it take to escape you  
Is this what you wanted  
To see me humbled  
Is this what you asked for  
The final word

Desperate I return to you  
Broken I return to you  
We circle over and over  
But still I return to you

I would tear my eye's out  
To never see your face  
But all of these scars  
Can never be erased

Choke on your words  
That have left me bleeding  
And may your tear's  
May your tear's burn

We circle over and over  
Still I return  
I return (OOH)

Desperate I return to you  
Broken I return to you  
We circle over and over

But still I return to you

What will it take  
To escape you  
What will it take  
To escape
