"To Sons Of Man"

Visit "[To Sons Of Man](#)" on MotoLyrics.com

You son of man I am here as a witness
you son of man can't you see what burns inside me
this fire will consume as the flames purify
with the peace that passes understanding
this is my outcry
from dust to dust we will return
the flesh is temporary
the soul is eternal

I am here as a witness
can't you see this fire purifies
this fire (this fire) will consume (will consume) as the
flames (as the flames) purify (purify)
son of man can't you see
son of man you can't save yourself
