"Boys lets get right down to it.
Men are shit.
What?
Men are shit.
Well isn't that what they say?
Men, we do bad things don't we?
We do horrible, hanus, terrible things.
Things that no woman would ever do.
No women, they don't lie.
No women don't cheat.
Women don't manipulate us.
You do see what I'm gettin at."

"They're teases and you know it
All girls are teases"

Shut your mouth
Shut your mouth
Shut your mouth
Shut your mouth and don't flatter yourself
I don't give a fuck
("They're asking for you to hurt them")
I don't give a fuck
about how you really feel.
All I want is your sex
All I want is your sex
All I want is your
("What is it then, what is it that women love?")
All I want is your sex

Now get down
and stay down
where you belong

So get down
and stay down
where you belong

("Do what I say.
You understand me?
Do I what I say")

("I will not apologize for who I am
I will not apologize for what I need
I will not apologize for what I want.")
