I'm gonna show you
(Show you)
You bustah
(You bustah)
You know you love me
(Love me)
Now show me love
(Show me)

I'm gonna show you
(Show you)
You bustah
(You bustah)
You know you love me
(You love me)
Now show me love
(Show me love)

I flow like a butterfly and sting like a bee
It's me, Ali
And it's good to be strong in the game
And you know this man

It feels so good, can't refuse it
This is my shadow, this is my music
You start fire, you start funk
Now you feel me, now you don't

Soul to soul, side to side
Shawly silky silky now
Cut up, cut up in the dish
How much cut up do you wish?

I don't play, I'm no toy
I'm rollin' it up for my homeboys
I start on it, there will be no stop
You can't beat me boy, I'm Superman

I'm gonna show you
(Show you)
You bustah
(You bustah)

You know you love me
(You love me)
Now show me love
(Show me love)

I'm gonna show you
(Show you)
You bustah
(You bustah)
You know you love me
(You love me)
Now show me love
(Show me love)

I rap too fast, makin' that cash
Cuttin' up like a piece of glass
Imagine if you can
If you can rap like Kilo man

Fill-bass, fill-low
I live inside your radio
So don't give me no hassle
For I'm the king of the castle

And I reign supreme
You who am I? Kilo 'The Dream'
That's right ha ha, that's it ha ha
Some times a brother trip

I know you admire me
I didn't mean to dis you I'm sorry
I apologize
But you better recognize

What is crap if you don't know crap
What is rap if you really can't rap then
Who in the hell said they wanted a little more
What in the fuck do you take me for?

I'll never go out for the die
And you you'll never take me alive
Oh la, can you feel keep the party jumpin'?
Ha ha

I'm gonna show you
(Show you)
You bustah
(You bustah)
You know you love me
(You love me)
Now show me love

(Show me)

I'm gonna show you
(Show you)
You bustah
(You bustah)
You know you love me
(You love me)
Now show me love
(Show me love)

Too sexy for my shirt
We didn't know know why

She came all down my pants
She got up and she danced
And then she started sayin'

She told the rest of the girls I was little
But I can go 24 in the middle
