I have a dream today  
That one day this nation will rise up  
And little black children  
And little white children  
Will hold hands

I'm a black man living in this white man's world  
I gotta watch my back he might rape my girl  
'Cause he did one time he'll do that shit again  
I'm the black American with the paperback skin

Now all he ever gave me was a knot and a rope  
Cracker get your hands off my throat  
And unlock these chains and let me go  
And don't hit me with that whip no more

All told me that America was 50 50  
I've been bamboozled, hood waggled, tricked me  
Why all the time my people gotta suffer  
It's the white man, you a dirty little hustler

And you rather see a nigga dead and rotten  
Or somewhere on a cotton field picking cotton  
But a brother like me I can't touch that shit  
So you better give me my money bitch

Now, you wanna kill me with your aids and your crack  
I'll help the Indians take the motherfucker back  
And run over them white boys  
Give the money and the guns and the power to the  
black boys

And build a whole new nation  
And burn all the politicians as a demonstration  
Check the voice, of black people, don't you ride no

White horse, don't ride no white horse  
Don't you ride no white horse  
White horse, don't ride no white horse  
Don't you ride no white horse

I'll never marry a white girl, I'll stay single

'Cause those hoes just want Mandingo  
Back in the day a nigga would've got hung  
Black ass nigga you know you wrong

I ain't saying nothing, white man gonna get ya  
Look like O.J. should a stayed with that sista  
But can't tell a nigga nothing  
'Cause the black man always trying to be something

Else besides his self nigga  
This a matter of life and death  
Stick with your kind  
'Cause some of us niggas done lost our minds

And it makes me wonder who let Jane in the jungle  
Amongst the real man I'm a run that goddamn bitch  
back to Tarzan  
Make me sick on my stomach all praises due to Elijah  
Muhammad  
'Cause I hear no evil, I see no evil, I speak no evil, I love  
no evil  
Pull your panties back up, 'cause that ain't the pussy I  
like to fuck  
And I'm a check the voice black man don't you fuck no

White horse, don't ride no white horse  
Don't you love no white horse  
White horse, don't ride no white horse  
Don't you ride no white horse

I ain't Martin Luther King but I still got a dream  
That one day my people gonna see this scheme and  
Open they eyes up one day this nation will rise up  
I've been to the promised land but it ain't promising  
Nothing to the black man struggling is all I see  
'Cause struggling is all he ever gave to me

And his father before him and his daddy before him  
Now, they try to treat a nigga just like them  
And we the last of the slaves  
But the policeman tell me to behave  
Or he'll revoke my pass  
And throw them chains back on my ass  
I check the voice my nigga don't you ride no

White horse, don't ride no white horse  
Don't you ride no white horse  
White horse, don't ride no white horse  
White horse, don't ride no white horse  
White horse, don't ride no white horse

If you gonna be rich, you got to be a bitch  
I said rich, be a bitch  
If you wanna be rich, you got to be a bitch

Don't you ride no white horse  
You need to make your mind  
Unless you ever lose your mind  
Don't you believe any thing he say  
'Cause he'll always be this way  
Don't you ever ride no white horse  
Oh, baby, baby don't ride no white horse  
Don't you ever ride a white horse
