Fall of scares all many eyes, pessimism with
emptiness.Occasion to vomit my
Humanity, initial obligation drags my brain innocent
face unknown bodies and
My disgraced soul collaborate and decide that your
suggestion will be cause
For your suffocation.That time I'll be succeeded in my
satisfying my
Pathological pervertation by suffering from your eyes
and going on piercing
Your body parts noticing the guttural voices coming
from your shredded neck.
After a while condonation stops, aspersion begins;
cadaverous aghasted
Agoraphobics become anxious.Ablazed abominable
testis has an abstruse
Concelt, tustles me, creates confusion,.Unattainable
end which is abstained
The taste of the venom the verdict they say, sterillizing
your muckut
Straddling an a rampart.The urfority is pouring blood
and laughing with
Proud!
