Pulverizing the mouth of vagina, klitoral orgasm
sufficient anathema,
Perished body inapt to incest.Cerebral smell,
unhearable scum, vains
Carrying a penetrator calumniated by a lurel
mind.Ulterior motive arises
Upwards, sick minds in humanial luquid, undiminished
glutton demands,
Usurps, throttled, collapses.Repugnant deceiver
prostrates with spoiling
Muscular tissues. Drilling drastically beseecher's
backbone, into her
Marrows.Mucous legendary asshole, whose
haemorrhoids are smashed lustly,
Haemorrhage begins, horrifies
