Hit and run, who is the love killer
Who ruined the music we thought was so special
Like fire between us spent over and over
Who emptied my bed and left me with nothing

Hit and run, it came so sudden
From the mouth of the kiss that whispered forever
From the body of the soul that made my eyes listen
I'm hearing goodbye but I don't want to listen

Love will tear and do you in
Turn you inside out and when
All you got is less than dim
You know, you're grabbin' at straws
And you'd do it again

Hit and run, I never saw you coming
I ain't never play the part of the put down name
Strip to the heart with all my revenges
Laid across down the ground like master Vincent

Love will tear and do you in
Turn you inside out and when
All you got is less than dim
You know, you're grabbin' at straws
And you'd do it again

Hit and run, who is the love killer?
Who ruined the music we thought was so special?
Like fire between us spent over and over
Who emptied my bed and left me with nothing

Hit and run
I never saw you coming coming home
Hit and run
Hit and run, who is the love killer?
Hit and run
Hit and run

Hit and run
I never saw you coming coming home
Hit and run

Hit and run
I never saw you coming coming home
Hit and run
I know
