Kim Carnes & Neil Diamond

Neil:
Stay with me, here with me
Long as you as you near with me
I'm your man
Hooked on the memory of you

Kim:
Lie with me, lay with me
I want to stay with me
know who I am
Hooked on the memory of you

Kim & Neil:
Time, time standing still
I know it's you

Kim:
I always will
need you to

Neil:
Love me, lie with me
Spend your desire with me
I'm your man
Hooked on the memory of you
Who knows why?
(...)
Sure I am

Kim & Neil:
Hooked on the memory of you

Kim & Neil:
Time, time standing still
I know it's you

Kim:
I always will

need you to

Neil:

Stay with me, here with me
Long as you as you near with me
Be your man
Hooked on the memory of you

Kim:

Lie with me, lay with me
I want to stay with me
know who I am
Hooked on the memory of you

Kim & Neil:

Only you
Hooked on the memory of you

Kim:

Always

Kim & Neil:

Hooked on the memory of you
