It's the song that just keeps playing on the radio  
And you know I haven't seen you for a while  
I lie awake at night and wonder how you are  
And I wish that I could see you again

Is it fate or is it luck that brings us back  
Or is it just a common point of view?  
Time has put a spell on you, you never seem to change  
And I wish that I could see you again

I'll be here where the heart  
When the dreams we've been after all come true  
You will find me here where the heart is  
I'll wait for you, I'll wait for you

It's the light that just keeps shining day after day  
When other loves have come and gone  
I'll be here with open arms to take you in  
And I wish that I could see you here again

But I'll be here where the heart  
When the dreams we've been after all come true  
You will find me here where the heart is  
I'll wait for you, I'll wait for you

And in between when I need to see you again  
All I have to do is close my eyes  
Oh the picture's coming in my friend  
I'll hold you again but until then

I'll be here where the heart is  
When the dreams we've been after all come true  
You will find me here where the heart is  
I'll wait for you, I'll wait for you

I'll still be here where the heart is  
When the dreams we've been after all come true  
You will find me here where the heart is  
I'll wait for you, I'll wait for you

I'll still be here where the heart is  
When the dreams we've been after all come true

You will find me here where the heart is  
I'll wait for you, I'll wait for you

I'll still be here where the heart is
