Take a smile
And hold it longer
Take a tear
And let it roll down

Take a heart this ol' heart
And make it stronger
'Cause we all have to
Lose in love sometime

Take tonight
And make it brighter
Take my hand
And don't let go

'Cause I know you've changed
Changed your mind
So you better go to her

'Cause we all have a right
To change our mind sometimes
And we all have to
Lose in love sometime

And so tonight's another broken heart
In a chain that never ends
Take this broken heart
And help me mend it again

Take a smile
And hold it longer
Take a tear
And let it roll down

Take a heart this ol' heart
And make it stronger
'Cause we all have to
Lose in love sometime
