(Van Morrison)

Look at the ivy on clingin' wals  
Look at the flowers and the green grass so tall  
It's not a matter of when push comes to shove  
It's just the hour on the wings of a dove

That's just warm love  
It's just warm love

I dig it when you're fancy dressed up in lace  
I dig it when you have a smile on your face  
This inspiration's got to be on the flow  
These invitations got to see you to know

It's just warm love  
It's just warm love  
And it's everpresent everywhere  
And it's everpresent everywhere  
Warm love  
And it's everpresent everywhere  
And it's everpresent everywhere  
That warm love

To the country I'm goin'  
Lay and a laugh in the sun  
You can bring your guitar along  
We'll sing some songs and have some fun  
The sky is cryin' and it's time to go home  
And we shall hurry to the car from the foam  
Sit by the fire and dry out our we clothes  
Outside it's rainin' from the skies up above

Inside it's warm love  
Inside it's warm love  
And it's everpresent everywhere  
And it's everpresent everywhere  
Warm love
