Tim McGraw

She walks over to him and she says do you remember
me

I think we might have met somewhere before
Southern Carolina is the place that comes to mind
But hey I guess you never really can be sure

Oh there's nothing like a true love
To go and make a fool of someone just like before
And right there for a minute
I forgot that you don't love me anymore

Then an old familiar feeling
Wraps its arms around the moment
And he says so many times I've tried to call
Well you think you'd spent a lifetime
It's been two years since I've seen you
But it seems like no times gone by at all

There was nothing like a real love
To give you back the feel of someone just like before
And right there for a minute
I forgot that you don't love me anymore

Oh and how far we'll travel
For a place to heal our hearts
We watched it unravel
So why's tonight the hardest part
Then he says the weather's changin
And it's icing up the highway
So I guess it's time for me to hit the road
So she says goodbye and then before she knows what
she is saying
She says I wish that you didn't have to go

Oh there's nothing like a true love
To go and make a fool of someone just like before
And right there for a minute

I forgot that you don't love me anymore
And right there for a minute
I forgot that you don't love me anymore
