Mutilated cadavers decay
through your bleeding eyes
Organs are drowned in mush
I dispatch your unclean pus
Suffer - you die
Decomposed - with fear
Awaiting to die in void

I eat my lunch
with a smile on my face
Maggots in my soup
What a charming taste

I rape the cadaver
Orgy in flesh
I maltreat her brain
Her body feels so fresh

You should be dead
consume your brain
A blood-dripping funeral
as limbs rot and swell

Embalmed in entrails
Infected corpses torn
The septic flesh will shrink
The mass of maggots crawl
Pursue your scarily existense
as the evil blood flows free
Fragments from your open stomach
with a sickly unhealthy disease
Viscid fluid - is flowing
A brutal death - is your end

Mutilated cadavers decay
through your bleeding eyes
Organs are drowned in mush
I dipatch your unclean pus
Suffer - you die

Putrid mush
on my fingertips
Mangled genitals
when I lick my lips

I rape the cadaver...

A splattered carnage
with some soggy flesh
Infected juices
What a lovely mess
Embalmed in entrails
Infected corpses torn
The septic flesh will shrink
The mass of maggots crawl
Pursue your scarily existence
as the evil blood flows free
Fragments from your open stomach
with a sickly unhealthy disease

Pursue your scarily existence
as the evil blood flows free
Fragments from your open stomach
with a sickly unhealthy disease

Embalmed in entrails
Infected corpses torn
The septic flesh will shrink
The mass of maggots crawl
