[Lyrics: Schulman]

With gloomy tears in my eyes  
I lift away, on and on I fly  
The coldest breeze of all winternights  
Freezes my blood, I am gone

Sorrow above my soul  
Deep inside my mind a wind so cold  
My journey leads to nowhere  
I will wander towards the loneliness

Shadows - I seek for the land of sin  
The land beyond - where the moon captures the stars  
Grab my soul - lead me through the past  
Cut my wings - Thy we are summoned

Through celestial gates I fly  
Like a lonely eagle, the one with wisdom and pride  
Black tears of blood I cry  
My longing for temptation I hide

Shadows - I seek for the land of sin  
The land beyond - where the moon captures the stars  
Grab my soul - lead me through the past  
Cut my wings - Thy we are summoned  
From the sea, a storm and a haunted ghost  
With visions so clear and memories of a time to come

Like a lonely northern star  
I weep the sky and caress the ground  
Prince of darkness, moon of sorrow,  
lead me towards the trees

I travel back centuries,  
where the nocturnal wind breathes eternally  
Far beyond known mortality, into a deep dark infinity

Travel with the fire  
A flame which heals my mind, a frozen cloud  
My mistress of desire

My princess, my darkened light

Shadows - I seek for the land of sin  
The land beyond - where the moon captures the stars  
Grab my soul - lead me through the past  
Cut my wings - Thy we are summoned
