Why, why do I want to do everything for you?  
And why, why do I feel I always want to be with you?  
My dream is to hold you in my arms  
But only your picture is in my hands  
I hope that I can be with you  
Brave enough to whisper, "I love you..."

Hey I'm (I'm)  
So glad we're friends (So glad)  
Your true comfort never ends (Comfort never ends)  
And I'm (I'm)  
So glad you're here (So glad)  
With you there's nothing to fear

I can feel a magic in your wings  
I can fly  
Just do anything  
I can be myself with you (I can be myself with you)  
Can I just whisper, "I thank you?"

Every day in every way I only want to be with you  
Every day in every way I want to whisper, "I love you..."  
I'm sure that you're the one for me  
Ohh (Ohh)  
I'm sure that you're the best for me

And why, why can't you see  
That I'm so in love with you? (So in love)  
Why (Why?)  
Why not say yes? (Yes)  
So I can be much closer to you  
I'll even run around the world  
I will swim across the sea just so I can be with you  
Near enough to whisper, "I love you..."

Every day in every way I only want to be with you  
Every day in every way I want to whisper, "I love you..."  
Every day in every way I only want to be with you

Whisper, "I love you..."
