I think I'll go for a walk
Maybe out in the rain
Maybe let the tears roll down my face and not feel the
pain
Maybe think about something
Maybe think about you
Yeah you (can't hurt me now)
You know you can't hurt me now
(You can't hold me down)

And I got plenty of time
Time to figure it out
Time to think about you and me
Whatever that was all about
I got nothing to prove
I got nothing to say
No I guess I never thought you were good for me
anyway
I got nothing to lose...
Nothing but you

I think 'll go for a ride
Till my memory fades
Roll down the windows and glide down 75 to the
Everglades
Maybe light up a joint
Take a walk on the Moon
Yeah you (can't reach me now)
You know you can't touch me now
(You can't hold me down)

And I got plenty of time
Time to figure it out
Time to think about you and me
Whatever that was all about
I got nothing to prove
I got nothing to say
No I guess I never thought you were good for me
anyway
I got nothing to lose...
Nothing but you
Nothing but you

Why did you have to be so unkind
Why do I have to be so inclined
To lose my mind
Well I got plenty of time
Time to figure it out
Time to think about you and me
Whatever that was all about
I got nothing to prove
I got nothing to say
No, I guess I never thought you were good for me
anyway
I got nothing to lose...
Nothing but you
Oooh, nothing but you
Oh no nothing
