Only god can mend my broken heart
And nothing can ever tear me apart

Refrain:

I have faith in him
Faith that lasts, he will heal my wounds
He will heal me fast

Chorus:

Only god, my only god
I've got no reason to be sad
You brighten up my life
You lighten my load
You showed me the way
And I found the road
Oh god, my only god
There is no reason to be sad

Only god can see what lies ahead
Nowhere in this world
Will I fear to tread

Repeat refrain

Repeat chorus twice
