BORN TO WORSHIP

Kate Miner and Judie Lawson

Sung by Kim Hill

I wasn't made for the darkness  
I wasn't formed from sin  
I am not here to feed desire  
Im called to a greater glory  
Im called to a greater glory

I am born to worship You  
I am born to stand and praise Your name  
With everything I am  
With everything I am  
I will worship You

I was created with a hunger  
A hunger that courses through my veins  
A passion that's burning for Your presence

Im filled with longing for You  
Im filled with longing for You and I

With honor and love  
I lift the glory of  
With honor and love  
I lift the glory of

And I am born to worship You  
I am born to stand and praise Your name  
With everything I am  
With everything I am  
With everything I am  
With everything I am  
With everything I am  
With everything I am  
With everything I am  
I will worship You  
I will worship You  
I will worship You  
Oh, I will worship You
