CAN YOU SEE ME

Jamie Kenney and Kim Hill

All alone underneath the stars
I wonder if the shadows will ever go away
Where are You
Are you very far
I feel your drawing closer
Holding me as I pray

I've heard that you are all around me
Bigger than the sun
And they say that you know everything
I do before its done

So can you see me in the dark
Feelings I hide
Secrets I keep
Every dream I treasure
Can you see inside my heart
Tears I cant cry
Places I fear
I hope that you can find me here

I close my eyes and I think of you
Theres comfort in the quiet
Knowing that you are near
Can we talk til the night is through
I love the way my heart beats
When you whisper in my ear
Do angels come from far above
To stand around my bed
Did you really stop to count how many hairs are on my
head

Can you see me in the dark
Feelings I hide
Secrets I keep
Can you see inside my heart
Tears I cant cry

Places I fear
I hope that you can find me here

Can you see me in the dark
Feelings I hide
Secrets I keep
Every dream I treasure
Can you see inside my heart
Whenever I cry
Whenever I fear
I hope that you can find me here
