Wes King/Kim Hill
Charm is deceitful
Beauty is vain
But a woman who fears the Lord shall be praised
A woman who fears the Lord
In a world where we see with our eyes
I pray for eyes that see the heart
'Cause flesh is unfaithful
And is of no gain
But a woman who fears the Lord shall be praised
A woman who fears the Lord

And I know that when He sees me
It won't be beauty that He longs to hold
It'll be the love that He finds inside my heart
'Cause charm is deceitful
Beauty is vain
But a woman who fears the Lord shall be praised
A woman who fears
Yes a woman who fears
A woman who fears the Lord
