LOVE YOU MORE

Todd Proctor

Sung by Kim Hill

I was born to fall in love with You
you're the one Ive waited for
Lord I want to fall in love with You
Show me how to love You more

Daily I discover You
And daily You amaze me
The wonder of You takes my breath away
And daily Im reminded of
how much you gave to love me
And in return I long to give you more and more of me

I was born to fall in love with You
you're the one Ive waited for
Lord I want to fall in love with You
Show me how to love You more
Daily I discover You
And daily You amaze me
The wonder of You takes my breath away
And daily Im reminded of
how much you gave to love me
And in return I long to give you more and more of me

Daily I discover You
And daily You amaze me
The wonder of You takes my breath away
And daily Im reminded of
how much you gave to love me
And in return I long to give you more and more of me

Lord I want to fall in love with You
Show me howhold out
To love You more
