If a fever got you burning
And your stomach got you turning
And your mommy doesn't show you
And your daddy doesn't know you
If you're torn up, life confiscated
And if you've been burned, eviscerated
Then you take in all that you're given
And you give out demolition, darling
Tearing down as you keep falling

Burn it up to save your life
Tear it down, light the light
You wonderchild, your eyes about to see
Kiss the pain, and make it beg
You are the Queen, that's what I said!
You wonderchild, your eyes about to see

If you're screaming, but the sonar
Doesn't hear you, cause you're so far
Under radar, that you don't show
Up on anybody's video
And you're trying to get over
But they keep standing up on your shoulders
And you take in all that you're given
And you give out demolition, darling
Tearing down as you keep falling

Burn it up to save your life
Tear it down, light the light
You wonderchild, your eyes about to see
Kiss the pain, and make it beg
You are the Queen, that's what I said!
You wonderchild, your eyes about to see

It's your faith
It's your love
It's your light
It's your wonderchild

It's your faith
It's your love
It's your light

It's your wonderchild

It's your faith (Burn it up)
It's your love (To save your life)
It's your light (Tear it down)
It's your wonderchild (Light the light)

It's your faith (Kiss the pain)
It's your love (Make it beg)
It's your light (You are the Queen)
It's your wonderchild (That's what I said!)

It's your faith! (Burn it up)
It's your love! (To save your life)
It's your light! (Tear it down)
It's your wonderchild! (Light the light)

It's your faith! (You wonderchild, your eyes about to
see)
It's your love!
It's your light!
It's your WONDER!
