[- The ones lost of Time - 2:67]

By the name which i was given on the Sphere of  
Marduk, master of magicians.  
Watcher of the worlds! In the name of the covenant..  
Last city of the skies! Open wide your gates..  
Lord of all sorcery! I stand in your shadow..  
Possess me with your names! To possess my spirit..  
That i may be strong and true  
Vanquisher of evil spells  
Dark Angels.. Dead and dreaming  
When shall.. Their generation come again  
I am.. One of those lost ones  
From a.. Time before the forging of gods  
Cold rain.. Erodes my kingdom  
Beloved Sons.. Render the ancient fires  
Loud roaring.. A bitter venom  
They are.. Gibbering loathsomely below

[- Generations of Frost - 13:09]

I whom awaken him hath called fourth.. An ancient,  
burning pain  
From a night as pitch as black and death.. Upon me,  
Upon himself  
Of the generations of past burning fires.. Seven are  
they, They are seven  
Amid the desolate places of earth they rise once more..  
Like a flood, they  
Ravage. I hath passed a torch of cataclysmic  
destruction upon this realm  
Yet unknowned to me. And on the mountain of dawn  
they creep yet amid  
The desolate places of earth they crawl  
The highest walls  
The thickest walls  
The strongest walls  
They lie in wait  
They wait for man  
Not in that heaven  
Nor on this earth

Men are arrayed in terror  
All are screaming in pain  
Crouching for the sacrifice  
Falling like rain from the sky

[- Serpents of the Skies - 2:41]

They glide in the doors of all like slithering serpents  
They enter through windows like the ever gusting wind  
The haunts of all man where a sacrifice shall be  
offered  
Upon the altar before the temple of the dead and  
dreaming  
Of the last city of the skies i journey forward in cure  
From places in the sky where no traveler hath returned  
Upon the names of monsters made by those kings of  
all evil  
I step fourth to the gates in spaces between realms of  
life  
Upon the foundations of chaos  
I hearken their habitations  
Spirits of the skies hear me  
Save us the cities of men  
Watcher of the worlds! In the name of the covenant..  
Last city of the skies! Opened wide the gates..  
Lord of all sorcery! I stand in your shadow..  
Possess me with your names! To save the realm of  
men..  
Forgotten Generations of Man..
