The music always had something to say to us  
The girlfriends always had something to wear for us  
With a little class from the back-beatin' dream  
We rock-n-rolled to the drums of the summer

Sometimes we thought we were the only ones under  
the sun  
But dear ma and pa, we were just having fun  
We rock-n-rolled to the big best summer  
We rock-n-rolled to the drums, we were just having fun  
We rock-n-rolled to the big best summer  
We rock-n-rolled to the drums

The skies were always the highest  
The lines were always behind us  
With a little class from the back-beatin' dream  
We rock-n-rolled to the drums of the summer

Sometimes we thought we were the only ones under  
the sun  
But dear ma and pa, we were just having fun  
We rock-n-rolled to the big best summer  
We rock-n-rolled to the drums, we were just having fun  
We rock-n-rolled to the big best summer  
We rock-n-rolled to the drums, we were just having fun

Sometimes we thought we were the only ones under  
the sun  
But dear ma and pa, we were just having fun  
We rock-n-rolled to the big best summer  
We rock-n-rolled to the drums, we were just having fun  
(4 times and fade)
