Look around and you will see  
This dream's called reality  
Look around and you will see  
Futuristic faces from lands near and far all here  
Together tonight  
Cloud 9

Let your mind and spirit free  
Now's the time to be happy  
Let your mind and spirit free  
Now's the time to fly way up high  
With carefree kites, millenium delights  
Cloud 9

Fly High, Sky High  
Fly High, Cloud 9  
Fly High, Sky High  
Fly High, Cloud 9

9, 9, 9, 9, 9...

Wanna take you on a ride  
Through the streets and into the sky  
Wanna take you on a ride  
Through the clouds we're flying

Over deep oceans of time, straight up to the stars

Wanna take you on a ride  
To a place beyond compare  
Wanna take you on a ride  
And you'll see when we get there  
People and music and lights, millenium delights

Cloud 9... Cloud 9

Look around and you will see  
This dream's called reality  
Look around and you will see  
Futuristic faces from lands near and far all here  
Together tonight

Let your mind and spirit free  
Now's the time to be happy  
Let your mind and spirit free  
Now's the time to fly way up high  
With carefree kites, millenium delights
