"Chain Of Events"

From where I sit, I see chain of events
Boy meets girl, boy meet chest
From where I sit, I see chain of events
Boy goes "wow", girl goes "I guess"
From where I sit, I see chain of events
Boy wants number, girl plays hard to get
From where I sit, I see chain of events
Boy wants girl, boy needs chest
From where I sit, I see chain of events
Girl plays up for, respect, respect
From where I sit, I see chain of events
Boy lights up one of those fancy cigarettes
From where I sit, I see chain of events
Boy and girl in hot silhouettes
From where I sit, I see chain of events
Girl starts whispering, "tonight I guess"
All night, all night tonight
