what am I doing to make you so sad?
we used to dance 'till we fell to our knees
what am I doing to make you so sad?
we used to kiss like a summer breeze
cause you used to have love in your kisses
and you used to put my heart in flames
you used to give me all my three wishes
you said I was easy to tame
you said i was easy to tame
can't you take me out of the rain baby
why do you treat me like i'm so bad
what am I doing to make you so sad?
we always made love when it rained
what am I doing to make you so sad?
I guess being in love is like being insane
cause you used to have love in your kisses
and you to put my heart in flames
you used to give me all my three wishes
you said I was easy to tame
you said i was easy to tame
