Looking for the good life in between all the clatter  
Tonight I'm at the Bojar Grill and they're serving up  
only Tennessee water  
We gotta turn the party down, we only got till tomorrow  
So put that ????? and let's start drinking all the  
Tennessee water

We're just high steppin cousins, drinkin up all the  
Tennessee water  
Tonight we're are the Bojar Grill ?????  
We gotta turn the party down, we only got till tomorrow  
Said bring ????? and let's start drinking all the  
Tennessee water

Cause our motto is what's a little ????? between friends  
Never say you're goin home ?????  
Ruby's got some special bottles, drinks for all of her  
friends  
So never say you're goin home ?????
