Well hello morning
Guess I didn't die
I hope I got all my dreaming in
I know I gave it one good try
Hello to my ego
I caught me by surprise
I'm at the turning point in my life
But then again who isn't
Nobody listens when I talk
Nobody's talkin' when i listen
Ain't no easy dreamy night
In the wonder where and why
Ain't no easy dreamy night
In the wonder where and why
Well hello emotions
I got my dark days and some days are kind
I gotta get outta myself to hear what I gotta say
I gotta be loud and soft with my reason and rhyme
Ain't no easy up and down
In the wonder where and why
Ain't no easy up and down
In the wonder where and why
Well hello press and public
Y'all know I can drool and I can smile
Yeah I can drool and smile
I don't do drugs to get me high
I know who i am 'cause i've just had to try
Ain't no easy spark and fly
In the wonder where and why
Ain't no easy up and down
In the wonder where and why
Ain't no easy dreamy night
In the wonder where and why
Well Hello Midnight
I guess I didn't die
I made it through all the days events and I heard no
one protest why
Ain't no easy night to day
In the wonder where and why
Ain't no easy spark and fly
In the wonder where and why
Ain't no easy love and hate

In the wonder where and why
