Let me stop you for a second  
I've got something to say,  
I've been waiting for a long time  
And you only push away  
Heartbeat tender beating body  
Ready to explode  
From the constant apprehension  
And the secrets that I hold

Don't ask I can't explain  
Why I'm stuck in yesterday  
I just can't hold back the change  
All I ask is that you stay  
Maybe just another day will make everything ok

### CHORUS

Rachel don't look back too far  
You're not living today

So sheltered in your own backyard  
The world is waiting don't you be afraid

Lamplight shining in my window  
Footsteps echo on my walk  
Thought I heard you at the doorframe  
Guess you didn't want to talk  
Give me back all of our moments  
We'll never see again  
Childhood doesn't last forever its useless to pretend

Don't ask I can't explain...

### REPEAT CHORUS

### SOLO

Don't ask I can't explain...

### REPEAT CHORUS (2x)
