The choice of words don't matter
The meaning's still the same
And it won't make me feel better
To hear I'm not to blame

Someday I'll forgive you
Maybe then again, I won't
But I take no consolation
In what the future holds

Don't let me down easy
Just let me go
And don't tell me you'll call me
When we already know

This goodbye will last forever
So let the bad times roll
But don't let me down easy
Don't let me down easy
That's a hard way to go

I should've seen it coming
I should've faced the facts
The more love that I gave you
The less love you gave back

I guess, I thought you'd come around
Yeah, well, we all make mistakes
And there ain't nothing good about this
There ain't nothing left to say

Don't let me down easy
Just let me go
And don't tell me you'll call me
When we already know

This goodbye will last forever
So let the bad times roll
But don't let me down easy
Don't let me down easy
Don't let me down easy
That's a hard way to go
