Your bright and shining star  
Fell a little short of glory  
And left you wondering  
Where you are, where you are

While you're down there in the trenches  
Trying to pick up all the pieces  
As you're sifting through the ashes  
Beware, the past is buried there

And it's a good day, it's a, a good day  
Yeah, it's a good day here, now

It's hard to make amends  
With crimes that have no rhyme or reason  
Well how could you know  
Where to begin, where to begin

While you're down there in the trenches  
Trying to pick up all the pieces  
As you're sifting through the ashes  
Beware, the past is buried there

And it's a good day, it's a, a good day  
It's a, a good day, a good day  
It's a good day  
Yeah, it's a good day here, now
