I got tired of losin'
So I covered my tracks
I left love behind me
It was a thing of the past

And I got back on me feet again
With something new in my stride
Well, I was just telling my girlfriends yesterday
How I was doin' alright

I was livin' the good life
None of that silly love stuff
Then I went and fell for you
Ain't that just my luck?

I got a house in the country
I got a garden that grows
I got nobody tellin' me
"Hey, turn down that radio"

I made my life real simple
A couple of cats and me
I don't get bored or lonely
As long as there's somethin' on TV

I was livin' the good life
None of that silly love stuff
Then I went and fell for you
Ain't that just my luck?

Is it just my luck or a twist of fate?
I was ready to close the book
Then you went, turned the page

Yeah, I was livin' the good life
None of that silly love stuff
Then I went and fell for you
Ain't that just my luck?

I was livin' the good life
None of that silly love stuff
Then I went and fell for you

Ain't that just my luck?

Ain't that just my luck?

Ain't that just my luck?
