Some days I look outside my window
Wonder where the time goes
Why I throw it away

One day I'll tie up all the loose ends
Ring up my best friends
And have something to say

When all of the pieces fall into place

Where was I when the roof caved in?
How did I get here again?
Good intentions gone astray

When I get my head around
What it is that keeps me down?
Wouldn't that be something
Something to say?

Wouldn't that be something?
Wouldn't that be something?

Some days I look a little deeper
There's nothing to see here
No reason to stay

One day I'll rise to the occasion
Accept the invitation
Blow the cobwebs away

When all of the pieces fall into place

Where was I when the roof caved in?
How did I get here again?
Good intentions gone astray

When I get my head around
What it is that keeps me down?
Wouldn't that be something
Something to say?

Wouldn't that be something?

Wouldn't that be something?
Wouldn't that be something?
