American zero tolerance is a way to hold us down,
Make us pay fines or incarcerating us for possessing
seeds
or periphineilia with resin.
In Vegas or Tennessee, people being arrested
for having seeds in the carpet of their vehicle.
This is not right; weed was here before us,
my detemperment, for arthritis use,
For a chemo patient who can't eat,
stimulate the appetite, drug laws must be changed.
Prohibition must be stopped, revolution will kill some
cops.
Overthrow the system make them bleed
we don't tolerate your nasty greed!
