Verse 1:

I give up trying to earn Your love,
I just look above, up to You.
My desire is to see Your fire,
Growing even higher than before.

Pre Chorus

Because You are good, beyond measure,
My heart longs to give You pleasure.
You fulfill all my longing,
And all my life I will sing:

Chorus:

God I love You and all You do,
Your joy lives inside and does me good,
Can I have more of You?
Amazing grace, how sweet the sound,
Oh, my God, You never let me down,
Can I have more of You?

Verse 2:

God I need You right next to me,
For my heart to be satisfied.
I decide how I live my life,
I've made up my mind, I'm livin' for You.
