One can have a dream, baby
Two can make that dream so real
One can talk about being in love
Two can say how it really feels

One can wish upon a star
Two can make that wish come true, yeah
One can stand alone in the dark
Two can make the lights shine through

It takes two, baby
It takes two, baby
Me and you
Just take two

It takes two, baby
It takes two, baby
To make a dream come true
Just take two

One can have a broken heart livin' in misery
Two can really ease the pain like a perfect remedy
One can be alone in a car, like a night bees all alone
Two can make just any place seem just like bein' home

It takes two, baby
It takes two, baby
Me and you
Just take two

It takes two, baby
It takes two, baby
To make a dream come true
Just take two

Just take two
Just take two

Ooh, one can go out to a movie, lookin' for a special
treat
Two can make that single movie somethin' really kinda
sweet

Yeah, one can take a walk in the moonlight thinkin' that
it's really nice
But two walkin' hand-in-hand is like addin' just a pinch
of spice

Yeah, it takes two, baby
It takes two, baby
Me and you
Just take two

It takes two, baby
It takes two, baby
