Are you the devil come to carry away my soul?
I want to love you but I don't want to lose control
You're taking over me with each little move you make
I want to trust you but it could be a big mistake
I know

But the moment you're here every thing's right
I lose the fear of the shadows in the night
But then the moment you're gone every thing's wrong
It never felt this strong

Baby, hold on
A miracle's coming
Can you believe it?
Take it in and breathe it

Baby, hold on
A miracle's coming
You gotta understand
It's right here in our hands
I know

I hear the questions when you look into my eyes
You're scared of rumors, but I tell you they're only lies
This is forever, how can either of us be sure?
All I can tell you is I never felt this before
I know

But the moment you're here every thing's right
I lose the fear of the shadows in the night
But baby, the moment you're gone every thing's wrong
It never felt this strong

Baby, hold on
A miracle's coming
Can you believe it?
Take it in and breathe it

Baby, hold on
A miracle's coming
You gotta understand
It's right here in our hands

I know, I know, I know, I know

Take it in and breathe it
A miracle's coming
Baby, hold on
A miracle's coming

Can you believe it?
Take it in and breathe it
Baby, hold on
A miracle's coming

You gotta understand
It's right here in our hands
A miracle's coming

Baby, hold on
A miracle's coming
You gotta understand
It's right here in our hands
A miracle's coming
A miracle's coming
