Never, ever felt this way before
You are that one that I'm craving for

Another step nearer your heart
Another step closer to knowing you
Another step nearer your heart, I'm on my way

I never thought it could happen
Being close to someone like you
But you know this isn't just a minute affair
If we make time and take a lot of care

As I love everything about it
There's such a good feel about it
And I know where I'm gonna be
If you take a step closer to me

Another step nearer your heart
Another step closer to knowing you
Another step nearer your heart, I'm on my way

I couldn't even describe it
Though I tried I couldn't find the words
When you're stumbling through life
And love is one step away
And you carry on or do you stay

We've got to promise faithfully
To hang on to each other and never leave
That's the way love's gonna be
If you take a step closer to me, come on now

Another step nearer your heart
Another step closer to knowing you
Another step nearer your heart, I'm on my way

The only way to deal with affairs of the heart
You've got to jump right in, doesn't matter who starts
Take a step nearer, come over here
Together we can make it tonight

Oh, we can make it tonight

Another step, another step

Another step nearer your heart
Another step closer to knowing you
Another step nearer your heart, I'm on my way

Another step nearer your heart
Another step closer to knowing you
Another step nearer your heart, I'm on my way
I'm on my way, I'm on my way
