As you look in my eyes
And ask me what really matters
Is it hard to believe these words
Though your heart is shattered

An invisible truth
Is staring us back in the mirror
And whatever your pain
There is something out there that is bigger

Baby don't you cry
Someday you will fly
We're learning to believe
In the things we can't see
A ticket for the greatest journey

There are times in your life
It seems that the answer is nearer
But as soon as you touch
It still doesn't feel any clearer

So baby hold out your hand
We'll travel this road together
And someday you'll understand

So baby don't you cry
Someday you will fly
Far away from here
Never be afraid again
You need a reason why
Confusion fills your eyes
We're learning to believe
In the things we can't see
A ticket for the greatest journey
