"Songs About Love"

Written by kim wilde

Well they'll tease you and they'll please you
Make you better when you're feeling bad
All hope is gone - singing
Songs about love

They'll upset you and they'll get you
Slay your fantasy till you almost believe
You're the only one - singing
(songs about love)

So don't believe they're writing all those songs for you
Oh no 'cos you know they're only lies you're listening to
Those songs about love

It's all over now and nothing's right
You're left crying every night
(it ain't fair) oh no no
(it ain't fair) singing all about love

They'll deceive you, now they'll leave you
Leave you so confused don't you know you've been
used
Now can't you see - singing
All about love

So don't believe they're writing all those songs for you
Oh no 'cos you know they're only lies you're listening to
Those songs about love

It's all over now and nothing's right
You're left crying every night
(it ain't fair) oh no no
(it ain't fair) so what you're gonna do about it

Don't you see it's just not right
To keep your feelings out of sight
(feeling bad) oh no no
(feeling bad) singing songs about love

And if we'd never meet again

(what would you do with your life)
Do you think we could be friends
(or would it hurt you hurt you)
Don't you see they got to you and me
With all their songs about love

Well you know now, better go now
Gonna mend your heart it's a brand new start
Don't be afraid - singing
Songs about love

So don't believe they're writing all those songs for you
Oh no 'cos you know they're only lies you're listening to
Those songs about love

Ooh ooh ooh
Oh no no no no

Don't you see it's just not right
To leave your feelings out of sight
Oh no no
Singing songs about love

(ad lib vocals)
