Hard to get a view of things
Through a broken window
Hard to understand the reasons
Why love comes and goes

Just when you turn a corner
And think that you'll find
Some peace of mind
Confusion will strike you blind

It's too late to turn back now
It's too late to turn it all around
It's too late, no words to say
I know it's gonna be another lonely day
I can't find a reason I should stay

Hard to understand the reasons
Why love comes and goes

Just when you turn a corner
And think that you'll find
Some peace of mind
Confusion will strike you blind

It's too late to turn back now
It's too late to turn it all around
It's too late, no words to say
I know it's gonna be another lonely day
I can't find a reason

(I know, I know)
I know it's gonna be another lonely day
(I know, I know)
I know it's gonna be another lonely day
Confusion will strike you blind

It's too late to turn back now
It's too late to turn it all around
It's too late, no words to say
'Cos I know it's gonna be another lonely day
But I can't find a reason I should stay

It's too late to turn back now
It's too late to turn it all around
I know I'm right
It's too late, no words to say
'Cos I know it's gonna be another lonely day
But I can't find a reason I should stay
