Baby I'm so afraid
Baby it's in your eyes
It's gonna hurt me, it's gonna break me
It's gonna bring me down
Baby I don't know how
To go through life without you love

Tell me...
How to wake up alone
How to go on, on my own
I need you here
Help me...
How am I supposed to
Let go when I'm still loving you?

Anywhere I go
Anywhere I stay
You will always be around,
Just to bring me down
I don't know if I could take it
I don't know if I could mend all those memories inside
Anywhere I go

Baby don't run away
Baby just stay with me
I wanna hold you, I wanna kiss you
I wanna hear your voice
Baby I'm losing fate
I have to get myself together

Tell me...
How to wake up alone
How to go on, on my own
I need you here
Help me...

How am I supposed to
Let go when I'm still loving you?

Anywhere I go
Anywhere I stay
You will always be around,
Just to bring me down
I don't know if I could take it
I don't know if I could mend all those memories inside
Anywhere I go
