is there anyone alive
in this universe tonight
'cause I'm looking for
some company - yeah

power up the radio
in your brand new UFO
let your rocket-engine run
interplanetary fun
come take me out
cyberpolice

arrest me - I'm guilty
of being way too happy
just take me for a ride
take me out tonight
take me to an action movie
arrest me - I'm guilty
cyberpolice

I'm a planet-hiking girl
coming from another world
with an overload of energy
find a parkinglot on Mars
and let's hit some spacy bars
come get me now
cyberpolice

arrest me - I'm guilty
of being way too happy
just take me for a ride
take me out tonight
take me to an action movie
arrest me - I'm guilty
cyberpolice

use your flashing blue lights
cyberpolice
use your flashing blue lights
fly me to the party-satellite
beat the speed of light

rocking through the night
I'm ready for a cosmic ride

cyberpolice - arrest me
take me to an action movie
cyberpolice - I'm guilty

cyberpolice - arrest me
of being way too happy
cyberpolice - I'm guilty
