I told my friends for just one day
to stay away - no time to play
I'm sure my plan will work okay - oh yeah

I'm gonna be someone today
someone you look up to and hey
I'm sure it's gonna be okay - oh yeah

on and on I dream of you
it goes on and on and on...

we will be forever and ever
we're gonna be together
no matter - whatever happens now
we will be forever and ever
we will be together
no matter - better stick together now

and let's stick together now

I'm sure my plan will work today - oh yeah
I'm gonna be myself today
don't wanna scare your face away
I wanna try to make you stay - okay

on and on I dream of you
it goes on and on and on...

we will be forever and ever
we're gonna be together
no matter - whatever happens now

on and on I dream of you
it goes on and on and on

forever and ever - we will be together
no matter - better stick together now

we will be forever and ever
we're gonna be together
no matter - whatever happens now

we will be forever and ever
we will be together
no matter - better stick together now

forever
