[Couplet]

Maybe now it is the time
To break free and see what's mine
I won't hide anymore

I've been waiting way to long
Drowned by gravity to strong
I'm calling
Lift me up

[Refr.]

Come take me flying
Higher give me more
It feels like riding
Faster than before
On the road, the road to heaven

[Couplet]

I never felt like this before
I'm not alone
I'm not ignored
So glad that I made it
I'm so done with being fed
What's in someone else's head
I'm crying
Lift me up

[Refr.]

Come take me flying
Higher give me more
It feels like riding
Faster than before
On the road, the road to heaven

[Couplet]

Come with me flying
Higher, reach for the stars
Break through the concreet
Blocking your way

Don't be affraid to follow your dreams

Don't let them down

[Refr.]

Come take me flying

Higher give me more

It feels like riding

Faster than before

On the road, the road to heaven
