(Stronger...)

(Stronger...)

Something about you changed my life for good
You showed me another way to be understood
Yeah, you make me feel so precious in a world were I
was lost
Took me to a higer level, you build the bridges that I
cross

(Now I'm...)

Strogner

You're the one that give me back my powers

The confidence I've lost

I'm gonna hold on

I don't wanna fall again, no,

Stronger

It's what I'm feeling now

If it wasn't for you I'd be afraid, for sure

But now that you give me back my fate, I'm a storm

Yeah you make me understand now that nothing need
to fear

Strogner

You're the one that give me back my power

The confidence I've lost

I'm gonna hold on

I don't wanna fall again, no,

Stronger

It's what I'm feeling now

You made me stronger

You made me stronger

You made me stronger

You made me stronger

Something about you changed my life for good

You showed me another way to be understood

Yeah!

I don't wanna fall again, no,
Stronger
It's what I'm feeling now

Now I'm strogner
You're the one that give me back my power
The confidence I've lost
I'm gonna hold on
I don't wanna fall again, no,
Stronger
It's what I'm feeling now

You made me stronger
